

All around the world, children are caught in crises that they didn't choose. In Lebanon, children are experience one of the worst economic crises in modern history. In Bangladesh, they are living in a refugee camp after fleeing home. In Venezuela, they are caught in a wave of refugees fleeing to surrounding countries.

### What if instead of being caught up in the crises, children could hold on to hope?

That is exactly what Nazarene churches are helping children accomplish all over the world through schools, child development centers, and safe spaces for children to learn and process trauma. In short, they are constantly showing children the love of Christ through affirmation of their inherent dignity.

Mona\*, a 15-year-old girl from Lebanon says it like this: "...in the [Nazarene] school everyone loves you and cares for you like you are family."

#### 2021 CHRISTMAS PROJECT

This year Nazarene Compassionate Ministries' Christmas Project will support those children who are caught in crisis through scholarships to Nazarene schools, emotional and mental support, spiritual guidance, food staples, and more.

### Will you reach out to a child caught in crisis?

#### HOW YOU CAN HELP

**PRAY** for the children who are caught in crises all over the world, including those living displaced from their homes. Pray for the churches that are caring for these children.

**GIVE** to provide education and support for children caught in crises:  
- Give online at [ncm.org/Christmas](http://ncm.org/Christmas)  
- Or give through your local church or district by designating your gift to the NCM Christmas Project (code 136405)

**SHARE** how to join with children living in hope.

**Learn more at [ncm.org/Christmas](http://ncm.org/Christmas)** *\*Children's names are changed for safety.*
